DETAILED ACTION

This office action is in response to the amendment, remarks and terminal disclaimer filed 05/25/2007.

Allowable Subject Matter

1. Claims 98-100, 103, 104, 106-108 are allowed.

Claims 98 and 100 as now being amended are allowed.

With respect to new claim 108, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show "causing motion of a first portion of the fuel pump in a first linear direction via the current flowing in the first direction; causing motion of the first portion of the fuel pump in a second linear direction, opposite the first linear direction, via the current flowing in the second direction", in combination with the other claim limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
